

systools-software.exe

## How to Install SysTools Software on Windows OS

By performing the steps mentioned below, users can install SysTools software on Windows OS.

Download the latest version of the software from the <u>official website</u> on Google, Mozilla Firefox, Opera, Edge, etc.

8	<b>Ş</b>	systools-software.exe https://downloads.systoolsgroup.com/systools-software.exe Show in folder	×		
Click on <b>Show in Folder</b> and double click on the downloaded <b>Software</b> (systools- software.exe). A new dialog box saying " <b>Do you want to allow this app to make</b> <b>changes to your device</b> " will appear, click on <b>Yes</b> .					

Welcome to the SysTools Setup Wizard window will then appear on your screen. Click on Next to continue.
